Compliance Guidance & Training You Need to Succeed

Trucking Compliance and Training Services Tailored to You

We Help Pave the Way to Success

Guardian Business Solution (GBS) was founded by a seasoned truck driver with 50 years of experience, driven by a desire to help trucking companies achieve a better understanding of the rules and regulations at a better price. Starting a company involves navigating numerous complexities and knowing everything is impossible. That's where we come in. Our team, with over 75 years of combined expertise, ensures that if we don't have the answer, we will find it. We offer a range of services, including safety and compliance, personalized online applications, maintenance and service logs, drug testing monitoring, CDL training, and holistic health support.

What Sets Us Apart

The goal of GBS is to help trucking companies succeed affordably. With extensive industry knowledge, we stay up-to-date on changing laws to assist our clients. Our wide range of services supports companies from inception to success. With experts in every sector, we serve as a one-stop shop, offering our clients top-quality ELDT (CDL) training.

Guardian
Business Solution

What We Offer

We provide trucking safety and compliance services, consulting, CDL training, and holistic approaches to staying safe and healthy on the road.

Truck Safety Consulting

Our training programs have improved operational efficiency for our clients, ensuring they understand and comply with all relevant laws. Technology can significantly reduce overhead costs, and we collaborate with top insurance agents to secure the best coverage at the best price. **Our program includes:**

- Recruitment Assistance
- Safety & Compliance
- E-Log & Drug Test Monitoring
- Drug Testing Consortium
- In-House Auditing
- DOT Legal Processes

CDL Training

Our high-quality training won't break the bank, and we will travel to your location. With trucking being a significant part of our lives and 15 years of training experience, we are certified through FMCSA and committed to your success. We can also assist you in finding a job in the industry. **Our CDL training includes:**

- Class A & B Training
- Pre-Trip Inspection Training
- Range Training
- On the Road Training
- Wellness Training
- Upgrade CDL from Class B to A Training

Natural Medicine

As the demand for natural health rises, we have a Certified Natural Health Professional on staff, offering services to all our clients online and in person. We take a holistic approach to identifying the root causes of health issues, believing that providing the body with what it needs can resolve many problems. We advocate using real food as medicine and support the use of supplements that reactivate stem cells to promote overall healing. **Our holistic wellness program includes:**

- Whole Body Recommendations
- Mind Health Support
- Cardiovascular Health Support
- Digestive Health Support
- Joint Health Support
- Proper Food Recommendations
- Recipes for Better Health
